

B uilding A Strong Foundation

For years families from across the State of Kansas have experienced many hours on the historic Kansas State Fairgrounds. Kansas youth and their families have participated in 4-H programs, exhibited livestock, entered quilts and much more. Traditions and friendships have been established all while developing a sense of pride from competing at the Fair.

A Brick Walk Way has been developed in front of the newly renovated 4-H Centennial Hall and features engraved pavers. For \$75.00 you can make an important tax deductible contribution to the Kansas Fairgrounds Foundation while leaving a legacy that lasts.

The 4" X 8" bricks feature three lines of type, maximum of 17 characters in upper case.

Companies and Associations can participate with their corporate logo for \$500.00.
